

Hello LBBC family,

We wish to keep you up-to-date with the most recent announcements from the Ontario government regarding COVID-19 restrictions.

During an announcement on March 1st, the government lifted the capacity limits for public indoor gatherings, meaning social distancing is no longer a requirement, although the wearing of masks is still in place. This means we are able to open up our seating capacity to a much larger number and you are no longer required to register in order to come to a service.

But, despite the lifting of capacity limits, we are sensitive to the fact that it may take some time for everyone to transition back to wide-open seating, so for the time being, while you may now sit wherever you wish, we are going to adjust our seating to allow access to every other pew throughout the sanctuary. We ask you to please be respectful of those who need more time to adjust.

Hebrews 10:25 tells us not to neglect the gathering of believers so we encourage you to start coming back to the sanctuary if you are physically able and comfortable to do so - nothing beats being in person, compared to watching on the screen. We are very much looking forward to seeing each of you again soon, but we do ask you to use wisdom when deciding whether to come out: If you are not well in any way, we kindly ask you to stay home until you are better.

Blessings,

Pastor Alex Lee (on behalf of the Elders' Board)
